

Job Opening: Production Manager/Theatre Technician

Chapin Rainbow Stage, Heckscher Park, Huntington, NY 11743

Huntington Arts Council is seeking a Production Manager/Technical Director with extensive experience in managing/supervising live performing arts festival programs. Proven leadership skills and ability to work with others in supervisory role a must. Knowledge and capability in all phases of stage craft required; experience with stage lighting and live audio engineering required. Successful candidate will be hired as a seasonal employee by Town of Huntington within Dept. of Parks & Recreation.

Production Mgr. has primary responsibility for scheduling, supervision and coordination of all stage hands (crew), including the team work necessary for an annual Summer Arts Festival of music concerts, dance and theatrical performances; plus other scheduled events and performances at this venue. Production Mgr. will work in cooperation with the Huntington Arts Council's Director of Performing Arts & Senior Production Staff to plan, coordinate and run all production activity and will become a key member of Chapin Rainbow Stage Technical Staff. Experience in working with touring productions that have their own LD's & Audio Engineers preferred.

The ideal candidate will:

- Be comfortable working safely from heights
- Will have experience in electronic and digital lighting control consoles and equipment.
- Will have experience in maintenance of live audio (analog and digital) equipment and audio mixing at FOH and monitor consoles.

Knowledge of basic hand tools and electrical skills are necessary. An understanding of how many audio components, band gear, stage rigging, and stage lighting instruments work, including troubleshooting, adjustments and limitations, is also favored.

Degree in theater production is preferred. What's most important to us is on-the-job experience including, but not limited to, previous production experience.

Hourly Wage: \$15 - \$20 per hour
